📍 Salamanca (Spain)

Specialized in UX/UI architecture, design systems,
and component development

in ⦿

Professional profile

Product Designer with 15+ years of experience in complex digital products, specializing in scalable design systems, accessibility, and reusable components (React and Web components).

Expert in prototyping with Figma, design systems, HTML5, CSS3/SASS, design tokens, and responsive design. I lead projects end-to-end, from UX research to front-end development, with a strong focus on visual consistency, performance, and user experience. Experienced leading teams and setting design standards in Agile environments.

Work experience

Product Designer - UX-UI Architect — Devo
From July 2018 to September 2025 / Madrid - remote

- Design and development of the main interface for Devo's data analytics platform.
- Co-creator of the Design System: React components library, system documentation using Storybook, style library based on SASS, custom icon library and design tokens system.
- Participation in UX processes: wireframing, prototyping, user validation... etc.
- Focus on accessibility, responsive design, and scalability.
- Tools: Figma, GitLab CI/CD, GitHub, Storybook, Jira and Confluence.

Design Lead — Saga Soluciones
From October 2012 to July 2018 / Seville

- Designed and developed 40+ portals with OpenCms, HTML/CSS, Bootstrap, JS.
- Delivered training and led accessibility (AA compliance) migrations.
- Clients: Acerinox, Aldi, universities, municipalities, provincial councils...

Creative Director & Co-Founder — Teléfono rojo publicidad
From November 2005 to October 2012 / Seville

- Directed campaigns, branding, and corporate websites for NGOs and institutions.
- Clients included Agencia Progreso y Salud, Solidaridad Internacional, ENRICH, Zemos 98, etc.

Portfolio
